Welcome to the Sangamon Mass Transit District (SMTD)!

SMTD is proud to serve the Springfield area with safe, reliable, and affordable public transportation. Whether you're commuting to work, heading to school, running errands, or exploring all that our community has to offer, SMTD is here to get you where you need to go.

Inside this schedule book, you'll find route maps, schedules, and important information to help you plan your trip. Thank you for choosing SMTD -- we're honored to be a part of your daily journey!

Day Service

Daytime SMTD fixed-route buses operate in the Springfield area from 6:00 AM to 6:00 PM, Monday-Saturday. Most routes meet at the downtown transfer, and a second transfer area on Junction Circle connects routes servicing the west-side of town.

Night Service

Nine night service routes operate Monday through Friday. The first bus leaves the transfer center at 6:00 p.m. The last bus leaves at 10:00 p.m., ending its trip back at the transfer center.

Accessible Transit

All SMTD buses are equipped with accessible ramps. Buses also have a kneeling feature that lowers the step distance from the ground level. You should request this if you want the kneeling feature.

Riders with disabilities who are unable to use SMTD buses may ride the **Access Sangamon** paratransit service after receiving certification from SMTD. Visit smtd.org/accessinfo for more information.

Holidays

Buses are **not** in service on the following holidays:

- New Year's Day (1/1)
- Memorial Day (last Monday of May)
- Independence Day (7/4)
- Labor Day (first Monday of September)
- Thanksgiving Day (fourth Thursday of November)
- Christmas Day (12/25)

4 WAYS TO PAY

1

BusTap is a durable card that can store cash value and period passes. Order or manage your BusTap card at smtd.org/efare*

2

The **Go!SMTD app** can be downloaded through the Apple or Android app stores. The app is a standalone payment option that requires only a mobile device with active cell service to use.

3

Magnetic period passes give you infinite rides from the time of activation to the end of the time period. Passes can be purchased at the transfer center customer service window, ticket vending machines or online.

4

Cash is still accepted on all buses. You can also purchase a 1-day period pass right at the farebox for just \$3.

For more information visit smtd.org/fares

* Fares added to BusTap cards online may take up to 48 hours before they are available for use.

Fares

Bus fare can be paid with cash, physical passes, or with our mobile app.

Cash fares:

- Adult (13 and over) - \$1.25
- Age 6 - 12 - \$0.60
- Age 5 and Under - Free
- Age 65 and Over* - \$0.60
- People with Disabilities* - \$0.60

** These fares require that the passenger present an SMTD-issued ID card or a Medicare card and photo ID to the driver.*

Please note that fareboxes do not provide change. If you pay over the standard fare, you will be issued a Change Card containing the remaining balance that can be used for future rides. Change Cards do not have expiration dates.

Magnetic Cards

Magnetic period passes give you unlimited rides for a given period of time. 1-Day, 7-Day, and 31-Day passes are available. A 1-Day period pass can also be purchased at the farebox itself.

BusTap Cards

The BusTap card is a rigid card that can store and be reloaded with both cash value and period passes. To use, simply place the card on the cardreader of the farebox to pay your fare.

Where to Buy Physical Passes

Magnetic and BusTap cards can be purchased at the following locations:

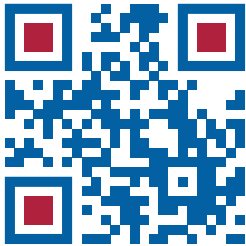

- SMTD Main Office at 928 S. 9th Street
- SMTD Transfer Center ticket vending machines
- SMTD Transfer Center customer service window (Mo - Fri, 8 AM to 5 PM)
- Online at smtd.org/efare

Tokens

Tokens are only sold at the SMTD administration office at 928 S. 9th, and only to organizations. A roll of tokens contains 50 tokens and costs \$50.00.

Transfers

When your destination cannot be reached by traveling one bus route, ask the driver for a transfer when you pay the fare. Transfers are **free** and allow you to board any other route within 75 minutes. Transfers cannot be used to board the same route from which you received the transfer.

Go!SMTD is a mobile ticketing and trip planning application made specifically for the Sangamon Mass Transit District system. There's no need to carry cash and change or worry about losing a temporary pass - now you can purchase rides and passes on the go with a debit or credit card! When you board, simply activate your fare on your device and then scan your phone screen at the bus farebox.

Available Fares

Faretype	Fixed Route	Paratransit*
Single Ride Mobile	\$1.25	\$2.50
Single Ride Reduced*	\$0.60	n/a
1 Day Mobile	\$3.00	\$6.00
7 Day Mobile	\$12.00	\$24.00
31 Day Mobile	\$40.00	\$80.00

***Note:** Mobile reduced and paratransit fares require an account to be setup in advance by SMTD staff.

For reduced, contact customer service at +1-217-522-6087.

For paratransit, contact Access Sangamon dispatch at +1-217-522-8594.

Q & A

How long does it take for fares I purchase to appear in the app?

Fares and passes purchased in the app are available for use immediately. Please note that you must have an active data connection on your mobile device for passes to be activated - they cannot be activated while offline.

What credit cards are accepted?

Visa, Discover, and MasterCard are currently accepted.

Can I transfer my passes from one device to another?

Yes. If you still have access to the original device, log into the app, go to the left-hand menu and select My Passes. On the pass display screen, tap on the profile icon in the upper right-hand corner to access the Account Information screen. After tapping Transfer Account you will need to re-enter your password to release your wallet. Afterwards, the wallet will be available once you sign into the app on your new device.

If you do NOT have access to the original device (lost, stolen, etc.), please contact customer service at either customerservice@smtd.org or +1-217-522-6087. We can unregister your wallet from your previous device so that you can register it on a new one.

Planning Your Trip

Riding the bus is easier than ever! There are several ways to plan and track your trip.

Mobile Apps

Besides the **go!SMTD app**, route planning is available in many popular mobile applications like **Google Maps** and **Apple Maps**.

Get Help by Phone

If you need help reading the bus schedule or finding the nearest bus stop, phone SMTD dispatch at (217) 522-5531 for assistance. Be prepared to indicate:

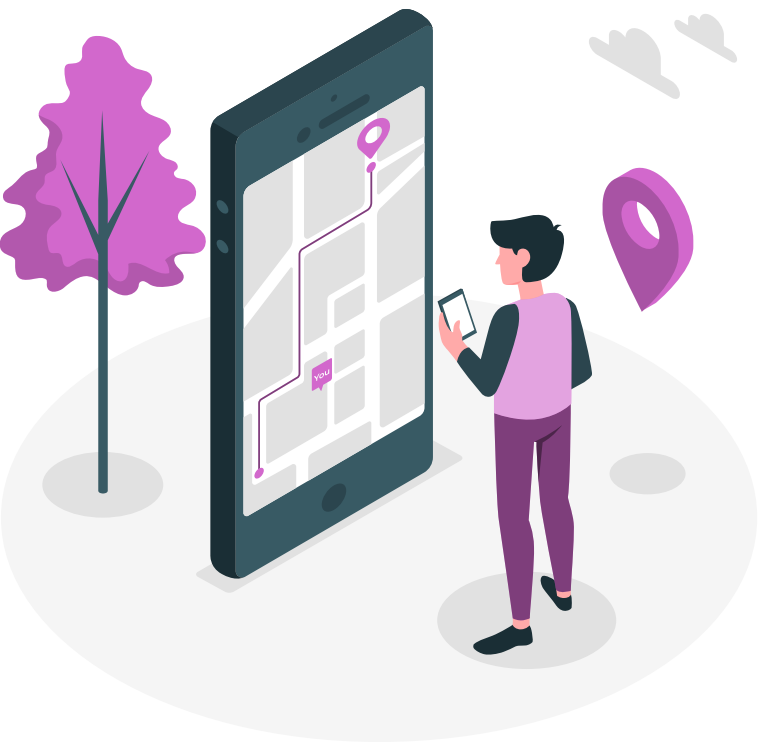

- where you are
- where you want to go
- what time you want to arrive at your destination
- when you want to return

Deaf or hard of hearing? ITAC provides free TTY service at 1-800-841-6167.

Real-time Information

You’ve planned your trip, but what’s the status of the bus you need to take? You can get this information in a variety of ways.

Mobile apps like **go!SMTD** and **Google Maps** will show exactly where buses are on the map. The **SMTD Bus Tracker** at ride.smtd.org can also show you the real-time locations of multiple routes at once.

If you don’t have internet access, you can also retrieve upcoming arrival times for a stop via SMS text if you know the stop’s **ID code**. The ID code of a stop can be found at the bottom of the bus stop sign. Texting “SMTD”, a space, and then the stop ID to 41411 will return a list of the next arrival times, using real-time information.

Bus Stop ID Here

Tips for Riding

Arrive at the bus stop a few minutes early. Wait for the bus near the street corner, passenger shelter, or bus stop sign. Do not wait in the middle of the block. Passengers should not move to board a bus until it is completely stopped and the door is open.

Have your pass or cash fare ready. The more quickly fares are paid, the faster the bus can resume the route.

Move safely and swiftly towards an available seat. Transit buses are designed to accommodate for standing passengers during peak times. If required to stand, please hold on to the hand rail or seat rail near you to steady yourself when the bus is moving. Leave room at the front of the bus so other passengers boarding after you can do so quickly.

Keep aisles, exits, and seats next to you clear. Blocking aisles or exits can slow down the bus. Keep packages, bags, or luggage on your lap or between your feet on buses to avoid blocking aisles and the seat next to you.

Passengers should remain seated or stationary while a bus is in motion. Do not stand or attempt to move toward the exit while the bus is still in motion. This increases passenger risk for unnecessary injury.

Use the rear door to exit. By exiting at the rear door, people waiting to board the bus can enter immediately. This allows the bus to move faster and stay on schedule.

Dress appropriately while on SMTD buses or at SMTD Transfer Centers. Children are frequent passengers of the SMTD services. Clothing or lack of, that could be constituted as revealing or inappropriately exposing private parts of the human body, can result in a restriction from services until the situation has been remedied.

Passengers may bring service animals on the vehicle. Passengers must maintain control of the service animal at all times while on the vehicle. Disruptive animals will not be permitted on the vehicle. Pets or Emotional Support Animals will only be allowed on the vehicles if they are in a carrier.

Drivers are to provide reasonable assistance to passengers when boarding, alighting and securing mobility aides -- if additional assistance is needed by the passenger, the passenger must make arrangements for a personal assistant.

Disruptive behavior which may affect the driver or other passengers will not be tolerated. Repeat offenders risk removal from the vehicle and suspension of service.

Strollers are allowed if transporting children. Parents are required to hold onto the stroller while the bus is in motion and keep the stroller out of the aisle. Strollers are not allowed if used to transport animals or other belongings.

A CHEAPER OPTION

You can save thousands of dollars each year by using public transportation instead of paying for fuel, maintenance, parking, insurance, and other expenses that come with owning a personal vehicle.

Lost & Found

Left something on a bus? We may be holding onto it for you.

Lost items found on SMTD buses are turned in to our dispatch office at 928 S. 9th Street. Call (217) 522-5531 to see if your item has been turned in.

- Sometimes items aren't found until the the bus has returned to the garage at the end of a shift. It is best to wait and call the next day to see if SMTD has found your item.
- When you call, be ready with information that can help us identify your lost item, such as a detailed description or a unique characteristic of an item.
- Knowing the bus number or route can help.

BIKE+RIDE

SMTD buses are equipped with bike racks extending travel options to “Wherever life takes you.” No special permit or advance reservation is required. One bike is included in a single fare. Bicycle racks can only carry two bikes at one time and are available on a first-come, first-served basis. For safety reasons, bus operators are not allowed to assist with loading or removing bikes from racks. Passengers are solely responsible for loading and unloading their bicycles. For faster boarding, passengers are expected to remove any loose objects or personal items such as backpacks or satchels that could fall off the bike during transit. This includes pumps, water bottles, book bags and locks that may be stored on a bike while waiting for the bus.

SMTD bike racks are designed to carry standard bikes only. Recumbent bikes, tandem bikes, or motor-powered bicycles of any kind, as well as three wheeled bikes are not permitted, because they do not fit safely into the rack.

Passengers must load their bikes directly in front of the bus or from the curb. They must not expose themselves or their bicycles to passing traffic. It is recommended that bikes be hoisted by the seat tube and stem as this provides good leverage and stability.

Anyone 14 years of age or older may bring a bicycle on board a rack-equipped bus. Passengers 12 and 13 years of age must be accompanied by an adult. Children under 12 years of age are not permitted to bring bicycles on SMTD buses. Passengers are to be ready to load by taking all loose objects and personal items off their bike prior to the bus arriving. Passengers should wait for the next bus if rack is full.

When passengers arrive at their destination, they should be sure to exit the front door and tell the driver that they are going to remove their bike from the rack.

Passengers are to raise the rack to its upright position when no other bike is present.

Cyclist assume all responsibility for injuries and/or damages incurred as a result of bike rack utilization. This includes bikes, personal property, or persons while using the bike racks or riding the bus.

Unclaimed bikes inadvertently left on SMTD vehicles may be retrieved by calling Customer Service as (217) 522-5531. Be prepared to describe the bike and prove ownership.

Downtown Transfer Center

Arriving buses park at their designated stop, lining up in the order in which they arrive. Departure boards at each stop indicate which routes will stop there and their upcoming departure times.

Bus Stop D on the east side of the Transfer Center is currently serviced by FlixBus and Greyhound routes. SMTD is not associated with these services. Please contact them directly

Greyhound 1-800-231-2222
FlixBus 1-855-626-8585

Construction of a new Amtrak station and parking garage on the west side of the 10th Street rail is projected to be completed in 2027. A pedestrian bridge over the tracks will connect the train station with the SMTD transfer center, allowing for connections between both services.

Visit springfieldrailroad.com and sangamonil.gov/thehub for more information on the project.

The downtown transfer center allows for transfers between the majority of day and night routes. Amenities at each stop include covered canopies, bus shelters with benches, and real-time departure boards.

Bus passes can be purchased at ticket vending machines or at the customer service window. Customer service hours are from 8 AM to 5 PM, Monday through Friday.

The customer waiting area inside the building contains drink and snack vending machines, USB charging stations, and public restrooms.

Junction Circle Transfer Point

A second transfer area is located on Junction Circle between MacArthur and Stanford. The OE - Transfer Center Express route connects the two transfer areas, enabling riders to travel further in the city.

TRANSIT TIP

Transfers can be used to board any bus, at any bus stop, as long as the route you're boarding isn't the same as the one you got the transfer from, and you make the transfer within the 75-minute expiration shown on the transfer!

Access Sangamon Paratransit

ADA Eligibility

Access Sangamon provides transportation for persons with disabilities who are unable to use the SMTD fixed-route bus service. Individuals with disabilities must apply to become eligible to use the service. To become eligible, the individual must meet one of the three categories below.

1. An individual with disability who is unable, as the result of a physical or mental impairment, and without the assistance of another individual to board or disembark from any vehicle on the SMTD fixed-line system, which is readily accessible.

2. Persons who cannot use SMTD buses without lifts. (These persons are eligible for Access Sangamon service if accessible, fixed-route vehicles are not available on the route on which they need to travel or at the time they need to travel.)

3. Anyone with a disability who cannot travel to or from an SMTD bus stop.

Applying For Service

To request an application to be mailed or faxed to you, call SMTD at (217) 522-8594.

Completed applications can be faxed to us at (217) 789-9819.

If you need assistance filling out the application, contact the Springfield Center for Independent Living (SCIL) at (217) 523-2587.

Using the Service

If you have already been approved and need to schedule a ride, contact the Access dispatch at (217) 522-8594.
